WRAS Approval Number: 1906036

Approved Product

'NIAGARA FAMILY' range of free standing or table top, ambient, chilled or sparkling water (with gas) dispensing units with flow controlled via either a solenoid operated push button or an external tap or dispensing equipment. The units incorporate solenoid valves, PE hoses, plastic fittings. Models including 'WG' as part of the model incorporate a non-verifiable single check valve assembly (suitable for backflow protection against Fluid Category 2). The ACWG (EC) models incorporate a pump and a carbonating unit. The outlets incorporate a plastic aerator. Maximum working pressure 6.0 bar. Cold water use only.

- **Section:** 2420 Water Coolers (?section=2420)
- **Section Subtitle:** Drinking.
- **WRAS Approval Number:** 1906036
- **Expiry date:** 30/06/2024
- **Note:** Products with 'AWCG' in the model incorporate a carbonating unit and IRN R160 applies to them. IRN R150 applies to all other models.
- **Size:** ¾" BSP male inlet
- **Marking:** Niagara and Cosmetal on control panel.
- **Installation Requirements** R001 (/approvals/testing-requirements/installation_requirements/irn_r001)R150 (/approvals/testing-requirements/installation_requirements/irn_r150)R160 (/approvals/testing-requirements/installation_requirements/irn_r160)
